

SC Deltatel SRL
Timisoara, Str. Gheorghe Lazar nr. 11
Timis

Dear SC Deltatel SRL

Renewal of notification for executing profession temporarily and occasionally in Denmark

The Danish Safety Technology Authority can confirm that Cristian Romulus Loan Ursulescu has submitted a new application that he still wants to execute profession temporarily and occasionally in Denmark as the person being technically responsible at the company SC Deltatel SRL.

We have handled the notification and can confirm that Cristian Romulus Loan Ursulescu is still entitled to execute profession in Denmark temporarily and occasionally as the person being technically responsible in the company. The authorisation number EFUL-13947 is still applicable for the company.

Pay particular attention to:

- the company shall employ at least one authorised person being technically responsible. The professional competences of this person shall be approved by the Danish Safety Technology Authority.
- We are entitled to withdraw the authorisation, if you do not meet the requirements of the authorisation the authorisation shall lapse if the company does not have a person being technically responsible
- You must inform us immediately of any changes of the company address, company form, business foundation, or anything that may become important to the authorisation or person being technically responsible

Cristian Romulus Loan Ursulescu shall renew his notification once a year and **at the latest by 24th of September 2020** if he still wants to execute the profession temporarily and occasionally in Denmark as the person being technically responsible in your company.

If he has not renewed his notification at the Danish Safety Technology Authority by 24th of September 2020 the company authorisation shall lapse. This means

The Danish Safety
Technology Authority
is certified after
DS/EN ISO 9001:2015

that the company is no longer entitled to do electrical installations, which requires authorisation in Denmark.

What the rules say

The work shall be carried out in accordance with the requirements of the Danish law, Executive Orders and technical regulations in Denmark. It is important that you keep up to date on what your approval includes.

We have therefore gathered useful knowledge and legislation regarding authorisation and operation of business on the electrical-, gas-, water- and drainage- or sewage area at www.sik.dk. Here you also find information regarding quality management systems for authorised companies.

We handle your personal information

The Danish Safety Technology Authority handles personal information about you. To learn more about the handling of information please visit our website on www.sik.dk/en/about-us/gdpr

Any questions?

If you have any questions or comments, you are welcome to contact us on tel. +45 33 73 20 00 or by sending an email to sik@sik.dk.

Yours sincerely

Mette Wittrup Bjerrum
